

The team behind me

by Dr. David Gutman,
Advanced Hemorrhoid Specialists

Part of having a positive experience with us is becoming familiar with the people you're going to come in contact with at our office. We've worked really hard to create a team that puts our patients' comfort at the forefront. I'm deeply grateful to our dedicated staff members and would like to take a moment to introduce you to them.

Imani – When you make a call to schedule your free consultation, Imani's is the warm and smiling voice you'll hear. She's happy to answer any questions you might have and make you feel comfortable.

Genai (Nia) – When you arrive at our office, Nia's is the first friendly face you'll see. She'll get you checked in and situated. If you have questions about your visit that day, Nia is happy to help.

Mickey – Spunky and caring, Mickey is our medical assistant. Her upbeat personality immediately puts patients at ease. She's going to get you ready for your visit, and serves as a chaperone for our female patients.

Domenica (Dom) – As our office manager, Dom makes sure that everything runs smoothly behind the scenes. She is dedicated and compassionate and helps us deliver a truly outstanding patient experience.

I have two treatments designed to safely eliminate hemorrhoids. Both take just a few seconds to do. Since they are performed in an area with no nerve endings, they can be administered right in the comfort of my office without anesthesia.

There is virtually no pain, no prep needed, there are no major restrictions, and you don't have to take time off of work. Consultations are free of charge, and our procedures are covered by insurance.
