

Consider a second opinion

by Dr. David Gutman,
Advanced Hemorrhoid Specialists

This is the year you say, “No, I’m not going to put up with this anymore. I’ve had enough and I’m tired of dealing with the pain, itching, bleeding and annoyance of having hemorrhoids. I’m done with the creams and hassle. I want to be able to enjoy life to the fullest.”

So, you go to your doctor to get this pesky problem taken care of once and for all. Instead of a resolution, you’re told that “they’re not so bad” or “you don’t want surgery, so it’s better to just live with them.” This is not quite the solution you were looking for.

Maybe it’s time to get a second opinion.

Many doctors are not aware of the latest advancements in hemorrhoid treatment. The truth is that almost no one should go under the knife these days for hemorrhoids, as modern non-surgical treatments are so easy and effective. If you’re even the slightest bit uncomfortable with your hemorrhoids, you absolutely should seek out relief.

It’s time to say no to misery and say yes to the freedom of living hemorrhoid-free.

David
Gutman, MD

I offer two easy, safe, and effective non-surgical procedures designed to safely eliminate hemorrhoids.

One reduces the blood flow that feeds the hemorrhoids, reducing inflammation and causing them to shrink. The other is better suited to removing larger hemorrhoids. Both take just a few seconds to do. Since they are performed in an area with no nerve endings, they can be administered right in the comfort of my office without anesthesia.

There is virtually no pain, no prep needed, there are no major restrictions, and you don’t have to take time off of work. Consultations are free of charge, and our procedures are covered by insurance.

To reach Dr. David Gutman of Advanced Hemorrhoid Specialists, call 216-772-4653. He has two office locations: 25200 Chagrin Blvd., Suite 109, in Beachwood; and 2660 W. Market Street, Suite 250, in Fairlawn. To learn more, visit SensitiveCare.com.
